

Standard NoFlip

The grid world environment is a 10x10 grid. The starting position is at row 2, column 7 (highlighted in pink). The goal is to reach the hole at row 8, column 7. Obstacles (yellow cells) are located at (1,4), (1,5), (1,6), (2,3), (2,8), (3,2), (3,9), (4,4), (4,7), (5,1), (5,3), (5,6), (5,9), (6,2), (6,4), (6,7), (6,10), (7,3), (7,8), (8,6), (8,9), (9,5), and (9,8). Holes (black cells) are located at (2,6), (3,5), (4,3), (4,6), (5,4), (5,7), (6,3), (6,5), (6,8), (7,2), (7,4), (7,6), (7,9), (8,5), (8,7), (9,4), and (9,7).

A 10x10 grid world environment. The grid has green cells on the top and bottom edges, and yellow cells in the middle. A black dot representing a robot is at the top center, highlighted with a pink square. There are several black dots representing obstacles scattered throughout the grid.

A 10x10 grid world environment. The grid is composed of green, yellow, and blue cells. A pink square highlights the cell at row 8, column 6, which is a blue cell. The grid is populated with black and white circles representing objects.
